1. Welcome to Bjelasica Trail 2026

Bjelasica Trail is more than a race — it is an adventure through one of the most beautiful mountain regions in Europe. Nestled in the heart of Montenegro, Mount Bjelasica conceals pristine forests, glacial lakes and peaks that reach 2,139 metres. Every year, hundreds of runners from around the world come to Kolašin to experience the beauty of these trails.

Four courses of varying difficulty are available — from the swift 12K Orange Trail through the forest, perfect for beginners and families, to the epic 60K Red Trail that passes through Biogradska Gora National Park — one of the last three primeval forests in Europe under UNESCO protection.

We encourage you to embrace the spirit that has always defined this event: enjoy yourself, respect your fellow runners, support those who need it, thank the volunteers, and protect the nature that welcomes you. Mount Bjelasica and Biogradska Gora National Park are a unique and priceless natural treasure — help us preserve them by leaving them exactly as you found them.

We can't wait to welcome you to Kolašin and share another unforgettable adventure in the most beautiful landscapes of Montenegro.

See you at the start line!

60K Red Trail

60 km ↑ +3,100 m □ 15 h

About the Race

60K Red Trail is the most demanding course at Bjelasica Trail and the ultimate test for any trail runner. The race starts in the centre of Kolašin and, after two kilometres of tarmac, enters the forest on a steep climb. The route continues up to the ridge and summits of Kobilja Glava, Velika Miljevaca and Bikovaca (Kapela/Ključ), where the first aid station is located at km 10. The route then heads towards Vranjak Mountain Hut and Pešića Lake, before continuing to Biogradsko Lake through Biogradska Gora National Park. After the lake comes the final major climb to Goleš — at the Goleš aid station (km 46) a time cut-off of 11 hours (by 16:00) will be enforced. The final 15 km leads downhill to the finish. With 3,100 m of total elevation gain over 60 km, this course demands peak physical fitness and experience. Time limit: 15 hours.

- 1 Marked Route**
The route is marked with red-and-white tape, red flags and BUT markers. In some cases these markings coincide with hiking trail markings, in others they do not. Always follow the official race markings. Download the GPX file of your route from bjelasicaatrail.me and save it to your sports device. Runners must stay on the marked route at all times. Taking shortcuts or deviating from the route is not permitted and will result in automatic disqualification.

- 3 Outside Assistance**
Outside assistance is not permitted beyond official aid stations. Runners must be self-sufficient between checkpoints.
- 4 Safety**
The organizer reserves the right to suspend the race or modify the route in the event of adverse weather conditions or unforeseen circumstances.
